Dear Ms. O'Neal,

Thank you for nominating the Ohio Digitization Hubs project, a partnership among the Cleveland Public Library, the Columbus Metropolitan Library, the Public Library of Cincinnati and Hamilton County, and the Toledo-Lucas County Public Library, for the 2014 Ohio Historical Records Advisory Board's Archives Achievement Award. While your submission outlined an amazing partnership and strong project plan, we're sorry to inform you that your submission was not selected for this year's award.

The project is truly unique and will most certainly serve as a scalable model, both within Ohio and across the country. The awards committee encourages the partnering organizations to apply for the 2015 OHRAB achievement award and include outreach and digitization statistics. We are excited to follow the impact that this project will have on archival preservation and access across Ohio.

We wish you continued success with all of the Digitization Hub project endeavors and look forward to seeing your application for the 2015 OHRAB achievement award.

Sincerely,

Pari J. Swift, Awards Committee Chair
