*We hope that you'll join us in celebrating the 20th anniversary of the Greene County Records Center & Archives.*

*We will have exhibits featuring the history of the Archives, an oral history interview with the first County Archivist-Gillian Hill, a glimpse into the 1901 time capsule and a look at some of the current archival projects. This is your opportunity to see behind the scenes of our repository.*

***\*\*Please note that we will not be open for research during the Open House.***
