

## KEY FEATURES

- HD Monitor Projection Television with HDMI™
- HD Dynamic Contrast
- Cinema Mode (3:2 Pulldown Switch)
- DFine™ High Speed Dynamic Contrast
- TheaterFine™ HD Super Fine Pitch Screen

- StableSound®
- SRS® WOW

- Direct Video Input Selection
- QuickConnect™ Guide
- TouchFocus®
- Split Cabinet Design

## ADVANTAGE TOSHIBA

- >> 65" TheaterWide® HDTV Monitor Projection TV with 3D Y/C (4MB, 10 Bit) Digital Comb Filter and Vertical Contour Correction provides more accurate processing of RF and composite video signals for a sharper, cleaner picture. This advanced Comb Filter significantly reduces detail noise, seen as shimmering or flicker, in complex or intricately detailed scenes.
- >> CrystalScan HDSC™ upconverts all video signals (including 480i/p) to 1080i HD. This results in a significant reduction in jagged-line artifacts which produces a smoother, more natural image. Selectable 540p, for users who want to display a progressive scan image from a progressive scan source, is available via the on-screen menu.
- >> TruView™ combines the following picture enhancement technologies: Black Level Expansion, Fine White, Flesh Tone Correction and Color Detail Enhancer, this system automatically reproduces more accurate picture detail and true color.
- >> CableClear™ DNR+ Digital Noise Reduction circuitry optimizes poor NTSC signals from antenna or cable, this new video noise reduction system eliminates video noise (snow) for a clean crisp image.

## SPECIFICATIONS

VIDEO	65" TheaterWide® HD Monitor Projection	
	TV with Split Cabinet Design	X
	PowerFocus™ HD II CRTs	X
	PowerFocus™ HC Lens System	X
	Red and Green Color Lens Filters	X
	First Surface Mirror	X
	TheaterFine™ HD Super Fine Pitch Screen	X
	Built-in High Contrast TheaterShield™	X
	TouchFocus®	X
	Manual 9 Point Convergence	X
