2018 NATIONAL FAMILY & COMMUNITY ENGAGEMENT CONFERENCE

ORGANIZE. HARMONIZE. AMPLIFY.

The **National Family and Community Engagement Conference** is an annual convening where educators, other para-professionals, parent leaders and a range of stakeholders come together to focus on solutions that enhance and expand engagement through family-school-community partnerships. With pre-conference site visits, plenaries, workshops and other networking activities, participants are immersed in many examples of high-impact engagement work taking place across the country.

The **2018 Family & Community Engagement Conference** is a field-building, personal and professional development event designed to reinvigorate the spirit of attendees and equip them with confidence and capabilities in knowledge areas such as:

- **Early Learning and Literacy** with young children and families is the best educational investment, a springboard for lifelong learning.
- **Relationship Building and Trust** are foundational to high-quality family engagement and community practice.
- **Research, Evaluation and Data Collection** connecting research, policy and practice is critical to improving and sustaining outcomes for children, youth and families.
- **Parent Leadership, Advocacy and Community Organizing** are key to ensuring healthy communities and thriving spaces in which families and children can learn and grow.
- The top engagement practices **Promote Inclusion, Ensure Equity and Create Opportunity** while improving outcomes for children and adults with and without disabilities, regardless of race, language, culture or economic status.
- **Integrated, Systemic Approaches** are critical for applying evidence-based practices that maximize impact.
