

Job opportunity **Worthington Libraries**

Adult Services Librarian

We're fans of superheroes, honeybees and clever DIY hacks. Not just because they're cool, but because they help people. If you're the kind of person who loves making someone's day easier, we'd love to work with you!

This role is more than traditional librarianship. As a librarian, you'll join a collaborative team that's passionate about delivering exceptional service and connecting patrons with resources that enrich their lives. In this role, you'll help create meaningful experiences, design innovative programs and showcase the incredible resources our library has to offer. If you're energized by serving the community, this is the place for you!

Our award-winning library has been an important part of the community since its founding in 1803, and we're proud to combine traditional library services with the innovative. What do we offer? Lots of food and fun, plus a supportive culture that includes leadership and development opportunities. Join us as we work together to be the library our patrons deserve!
