

## Calling all health consumers!

Did you know that web-based health information may not be of good quality? Misleading information can sway your decisions about health. Do you want to know how to be a better health consumer?

If so, join us for ***What About Me? The Patient Perspective in Evidence-based Practice and Shared Decision Making: Parts 1 & 2*** presented by the Helene Fuld Health Trust National Institute for Evidence-based Practice in Nursing and Healthcare **Community Core** at the virtual 2021 EBP National Summit.

**What:** We will attend to your sense of self for better health. We will show you how to look for good quality health information on the internet. Together, we'll use a tool to prioritize what is important to you for a healthy life.

**When:** September 15, 2021 | part 1: 8 a.m. to noon | part 2: 1-5 p.m.

**Where:** Virtually through Zoom

**Cost:** \$25 for each session or \$40 for both

### Why should I attend?

1. To learn how to decide if a health information website is a valid and reliable site
2. To use a decision-making tool to help you make an informed decision

For more information about this preconference, speakers, registration or the EBP National Summit, please visit [go.osu.edu/fuldsummit](https://go.osu.edu/fuldsummit) or scan the QR code with your mobile phone camera. Community Health Workers (CHWs) may earn nursing continuing education contact hours for attending.
